Star distributor for a range of premium pipe and tube manufacturers in India

Sole Selling Agent for entire TamilNadu for R BRAND malleable cast iron galvanized pipe fittings

## THE COMPANY

---

Long before it was fashionable to fashion pipes and tubes out of steel, in the heady days of 1947, one company had the vision of the shape of things to come... Bombay Hardware

The foresighted folks at Bombay Hardware knew one thing for sure: India will witness an economic boom like never before which would be laid on the foundation of robust and solid infrastructure. The massive infrastructure development would create an unprecedented demand for steel pipes. So the need of the hour was for a resourceful distributor who will source tubes from many suppliers and deliver the same to clients, at the right place, at the right price, within the right time. That was how this enterprising enterprise was born.

### THE SMOOTH FLOW OF SUCCESS

Over 60 years of providing piping solutions with unflagging dedication, competitive pricing and excellent service has its payoffs. From a modest beginning in Chennai, now we've grown into a multi-crore monolith with branches in Tamil Nadu, Andhra Pradesh & Karnataka.

Today, we are handling over 40,000 MT of steel p.a. Our unwavering commitment to quality has earned us an ISO certification. And the best part is we feel our growth journey has just started.

## TUBES FOR EVERY APPLICATION

---

At Bombay Hardware, we have the wherewithal to provide pipes and tubes of all types

- ◆ Black
